SUPPORTED BY SA·GRA

GRAINTECH AFRICA 2026 HIGHLIGHTS

Graintech Africa 2026 featured an expansive exhibition showcasing cutting-edge technologies, innovative Grain & Grain Allied practices, and solutions to enhance productivity and sustainability in farming. The exhibition provided a dynamic platform for networking, knowledge sharing, and fostering strategic partnerships.

The 6th edition of Graintech Africa and the concurrent 11th DLP Expo Africa & 11th Agritec Africa added more value to the experience of all our participants. This comprehensive approach provided attendees with a holistic view of the latest advancements and trends across the wider Grain & Grain Allied sector.

CONTRIBUTION OF EXHIBITIONS IN IMPROVEMENT OF TRADE & TECHNOLOGY IN GRAIN SECTOR IN AFRICA

- Radeecal Communications is a pioneer in the exhibition industry. After the successful execution of Agritec Africa (an International Exhibition on Agriculture Technology), we are all set for the 8th edition of Graintech Africa (an international Exhibition on Grain and Grain Milling technology).
- Some East African countries, like Kenya, Zambia, and Ethiopia, need greater attention on Trade platforms to attract investment for development and improve grain productivity & Mobility.
- Africa lacks the proper infrastructure to meet the growing need for the grain industry, and such platforms give the industry great exposure to grow to an international level.
- Africa has enormous potential to produce grain at scale for international markets, but requires modern processing technology to deliver results efficiently. Graintech Africa gives businesses across the continent the platform to expand their reach, forge partnerships, and maximise commercial outcomes.

Glimpse of GRAINTECH AFRICA 2026

EXHIBITOR PROFILE

- Corn, Sugarcane, Wheat, Barley, Sorghum, Flour, Rice, Pulses & Soybeans Processing Plants
- Grader And Gravity Separator Machine
- Various Technology Separators
- Various Capacity Seeds Processing Machine
- Cleaning Plant & Machine
- De-stoner Machine
- Vertical/ Double Bucket Elevator
- Bins For Material Fed
- Vertical Surface Moisture Dryer
- Needle Sorter Machine
- Vegetable Seed Extraction Machine
- Fins Blower & Wheel Blower Systems
- Insurance, Financial & Banking Sectors
- Crushing, Extraction & Feed Plant
- Oil Derivatives & Dry Fractionation Plants
- Cleaning, Hulling & Polishing Machines & Equipment
- Grain & Material Handling Equipment
- Vibro Separator, Screen & Shifter Machines And Equipment
- Grain Quality & Analysis Lab Equipment
- Various Silo and Storage Systems
- Temperature & Humidity Detector & Controller System
- Dust Control & Collection Systems
- Yield Optimization & Automation Systems
- Grinding & Screening Machines And Equipment
- Paddy Parboiling Plant
- Flour Auxiliary Machine & Accessories
- Milling Process Equipment
- Grain & Flour Packing, Sewing & Closing Machine
- Grain & Flour Labeling Technology
- Abrasive Wheel & Equipment
- Sorting Machine (color, Size, Shape & Quality)
- Grain Density And Moisture Analyzing System
- Fan Gravity Separator Machine
- Seed/grain Dryer Machine
- Turnkey Project (Rice Mill)
- Rice Mill Machinery
- Milling Automation Solution Providers
- Scales And Weighing Equipment

VISITOR PROFILE

- Farmers & Agri Entrepreneurs etc.
- Agriculture Commodity trading firms
- Grain Processing Companies
- Food Processing Companies
- Extracts & Byproduct Manufacturers
- Importers and Exporters of
- Owners, Directors & Chief Officers of Mills and Plants
- Authorities of Food & Food Produce companies
- Brand and Marketing Managers
- Companies of Dehydration sectors
- Bilateral Chambers of Commerce
- Agents & Distributors
- Whole sellers
- Mill Operators
- Processing Professionals
- Value-Added Commodity companies
- Govt. Departments /Promotion Bodies /Associations/ NGO's
- Warehouse Owners
- Transportation & Logistics officials
- Ingredient & Nutrient Product producers
- Refined & Raw Product Producers
- FMCG Goods Producers
- And Many sector related producers & Service providers

STALL PARTICIPATION COST

PREFABRICATED SHELL SCHEME

Standard Stand construction package includes:

- Side walls, fitted into the standard booth system frame.
- Fascia board with company name and stand number in standard lettering.
- 1 table and 2 chairs.
- Electric supply to 5-amp plug point.
- Exhibition entry for company delegates.
- Waste basket.
- General cleaning of aisles.
- Pavilion security during the exhibition.
- Entry to the exhibition catalogue and website.

RAW SPACE

Raw space package includes:

- Floor space.
- Entry to the Exhibition Catalogue & Website.
- Company delegates entry to the exhibition.
- Pavilion security during the exhibition.
- General cleaning of aisles.

- 50% is the booking amount which is non refundable.
- Air Travel, Accommodation and local transportation are not included in cost.

WHY SOUTH AFRICA ?

- The South African Government has announced its Big 4 Agenda, with Food Security as one of the key strategies to be implemented over the next 4 years.
- South Africa has experienced significant post-harvest losses due to poor grain handling, including inadequate storage and sanitation practices, and the Government is encouraging the private sector to develop technologies to address the current situation.
- The South African Government earlier came up with "Vision 2030", which will bring in huge investment opportunities for companies worldwide.
- The Economy of South Africa is the largest in East and Central Africa by GDP, and the USDA forecasts increases in South Africa's corn, wheat, and rice production over the next few years.
- The Government will invest in generating data to improve knowledge management for the private sector, as they will require data on gaps—such as the areas with the highest post-harvest losses, their causes, and so on—to develop appropriate solutions.
- Expand Your Footprint – Build partnerships in South Africa and expand into neighboring countries, including Namibia, Botswana, Zimbabwe, Zambia, and Mozambique.
- Leverage Government Focus – Benefit from investment-friendly policies and public-private partnership opportunities in food security and the agri-value chain.
- Be Part of Africa's Growth Story – Agriculture is at the heart of Africa's development, and South Africa is leading the transformation.
